**Thank you for supporting
Community Celebrations
since 2013**

Because of your generous support of this annual fundraising event, older LGBT people have found each other and support at SAGE Upstate. We've been able to offer critical health and fitness programs, and we've also reached out to providers of aging services to improve access. You've stood by SAGE so we could stand with our community.

In mid-march, SAGE closed the center because of the threat posed by COVID-19. In-person programming was suspended, but the need for connection and support was still there. In fact, the need for connection is greater now with social distancing. Since April, SAGE has offered most of its programs remotely through Zoom, and you'd be surprised at the things you can do without being face to face: exercise, writing, knitting, playing games, participating in programs, listening to entertainment, and more.

If you've supported this event in years past, please think about making a comparable donation to the Community Celebration raffle. Thanks for your support.
